

MISSION STATEMENT

ANDERSON GROUP of COMPANIES

The vision of the Anderson Group of Companies is to maintain a Quality Assured group of companies that has the capacity and capability to provide complete, professional, cost effective products and services for the coal mining industry.

1. QUALITY MANAGEMENT

The Anderson Group of Companies are a Quality Assured endorsed organisation that embraces a culture of continuous improvement of services, products, and client satisfaction. A program of continuous monitoring and evaluation of activities enables the identification of opportunities for improvement in order to provide conformity of service and products to enable us to meet and exceed the needs and expectations of our staff and clients.

2. WORKPLACE HEALTH, SAFETY & TRAINING

Provide a safe work environment with a proactive safety management system in place for early identification of potential risks or hazards to reduce the likelihood of accident or injury.

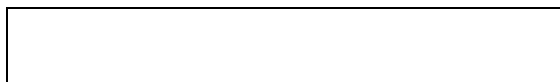

3. WORKPLACE REHABILITATION & RELATIONS

Ensure early workplace rehabilitation in consultation with the worker and medical provider to develop their rehabilitation plan for a structured safe return to work that will not disadvantage either party.

4. ENVIRONMENTAL MANAGEMENT

Conscientious disposal of all waste in accordance with the Environmental Protection Act 1994, and within the guidelines of the Group Environmental Policy and Procedures to ensure a minimal impact on the environment.
